Laura - Definitely let Roger Hawks approve the Saturday luncheon menu
and the china choice before going ahead with your planning.

I like the idea of using china.

TBP,

I have received a menu for the luncheon in Durland on Saturday. Should I pick that myself or let the head guy in Knoxville do that? And as to the china versus paper...Heather I was talking about the luncheon in the atrium. I have received mail from Brian saying it was alright for china so that it what I will do.

Do we have a meeting this Friday?

Laura
